## TELEGRAPHIC.

*(By Special Telegraph.)*

TORONTO, Oct. 12,—The third colonist party of the season left here to-night for Manitoba and the Northwest. There were about 500 passengers and 121 cars of settler's effects. The movement to Manitoba and the Northwest this year is tremendous.

OTTAWA, March 12.—The House spent the entire day over the budget debate. and the only interesting incident was the maiden speech of Mr. Colter, of Haldimand. He was well listened to.

On Friday Mr. Dewdney will move an act consolidating and amending the Northwest Territories Act. It provides, among other changes, for ballot voting. The matter of provincial allowance for postoffice employees in the Northwest is in abeyance. Territorial members are urging the Government to grant it.

Archbishop Tache lies at the bisop's palace here very ill.

LONDON, March 13.—St. James' Hall was crowded with people this evening to hear Parnell's speech. The committee was compelled yesterday to stop the issue of tickets for the meetings. Parnell received an immense ovation. The hall was decorated with mottoes and inscriptions, among which were: "Freedom for England and Ireland," "No Coercion," "No Forgery," "No Slander," "Humanity, Union, Justice, Peace, Liberty." Parnell dealt forcibly with the Government and *Times*. John Moreley was present and delivered an eloquent address.

WINNIPEG, March 14.—In future a daily train will be run between Winnipeg and the coast. Up to the present time Wednesday's train only went as far as Brandon.

OTTAWA, March 14.—Col. Irvine, Dr. Willoughby and Insp. Draynor, of the N.W.M.P., arrived this morning.

The Government has made Wednesday Government day, and intend rushing business through.

WINNIPEG, Marbh 15.—A Chicago despatch says Tascote is believed to have left a lumber camp near Whitemouth for the interior of Canada, in the direction of the Hudson's Bay.

## SASKATCHEWAN INSTITUTE.

The regular fortnightly meeting of the Saskatchewan Institute was held in the Institute rooms last Friday night. There was a large attendance of members. After routine business had been disposed of, a number of new members were elected and several corresponding members were also elected. Dr. Jardine announced a contribution to the museum af some ancient stone implements, including flint arrowheads, from Mr. R. J. Pritchard. The Rev. J. H. Howard then read a very interesting paper dealing with the literature of the Northwest, and the various books of history, travel, science, fiction, etc., which relate to these Territories. An interesting discusaion followed in which a number of the members present took part. The next meeting will be held on Friday evening, the 27th inst., when the Rev. Dr. McKay will read a paper on the Indians of the Northwest. As Dr. McKay has spent almost a lifetime among the aborigines, a most interesting paper may be expected. All should attend.

Take a piece of paper and upon it put in figures your age in years, dropping months, weeks and days; multiply it by 2, add to the result obtained the figures 3776, then add 2, and then divide by 2. Subtract from the result obtained the number of your years on earth, and see if you will not obtain figures that you will not be likely to forget. Try it.

Among a portion of the Irish people, when St. Patrick's day falls on the Sabbath, it is called "Mothering Sunday," because it is customary for the young employed away from home to visit their wives or parents, on that day, and make them a present of money, a pair of shoes or some other dainty, and for the Irishmen of this town to carry out their ancient custom Wm. Shannon is selling his stock at a reduction of from 10 to 50 per cent.

IT GETS THERE JUST THE SAME.

P. R. Newton, druggist, Tweed, Ont., writes:—I have sold Nasal Balm for the last two months. It has given general satisfaction, by its use a number were relieved of cold in the head. Several cases of catarrh received very much relief and the parties are confident of a cure. In no case have I had a single complaint.

## CHIT-CHAT LOCALS.

***Gathered by our Reporters.***

C. V. Alloway left for Winnipeg on the stage this week.

This is the last week of the Grand Clearing Sale at Betts & Gwynne's.

A full assortment of Gents', Ladies' and Misses' rubbers for sale at F. C. Baker's.

Next Sunday is the anniversary of the birth of St. Patrick, Ireland's patron saint.

L. R. St. Louis, our late bandmarter, has gone to Qu'Appelle to take charge of the band there.

A. E. McKay left on the out going stage this week for Qu'Appelle from thence he will go to the Pacific coast.

Robt. English was awarded the contract to build a bridge across the creek at Red Deer Hill. The price is $110.

Shannon's sale of winter goods, such as overshoes, mittens, woollen socks, etc., will soon be over. Remember the four little words "at cost for cash."

Contractor Congdon has been given the mason, brick and plaster work on the new convent building. Work will begin as soon as the frost is sufficiently out of the ground to go on with the foundation.

The weather for the last few days has been vere cold, at least we felt it cold on account of having such mild weather previous. The lowest the thermometer got down to this last spell was 18 below zero.

Four years ago on the 19th inst. the Northwest rebellion broke out, and on the following day the police and Prince Albert volunteers left here to reinforce the fort at Carlton, some of whom never returned.

A local organization of the Reform Association was formed last evening and the following officers elected: President, J. Macarthur; 1st vice-Pres., J. R. McPhail; 2nd vice-Pres., Jos. Courtney, Sec.-Treas., T. E. Jackson.

Hutd & Baker have secured the contract for building a bridge across the Red Deer Creek at G. Campbell's. The contract price was $115. This is the second bridge this firm have the contract to build in the spring.

A meeting of Englishmen will be held in Woodman's saloon on Wednesday evening next, the 20th inst., to discuss the matter of celebrating the anniversary of the birth of St George, England's patron saint, by a dinner. All Englishmen are invited to attend.

Commissioner Goulet and Secretary McNeil, of the scrip commission, arrived from Green Lake on Friday last, where they had given out about $10,000 in annuities. Mr. Goulet intends leaving for the east next week and Mr. McNeil left for Duck Lake last Wednesday.

As will seen by posters around town, the old Presbyterian church building on King street, will be sold by public auction to-morrow afternoon. This is the oldest building in town—being erected in 1867—and as the historical society is after relics, they could not do better than purchase this old building.

We are in receipt this week of a copy of the Montreal *Star* in which is given a description of their new and commodious building, and detailing the various departments of the paper with illustrations, and brief history of the origin and progress of the paper, which is just about to enter on its 22nd year of publication.

In the past few days there has been a big boom in horse flesh here. The Indians, who received annuities from the Government, are now arriving in town daily, and some of them must have very large families, judging from the size of their wallet. They spend the greater portion of their money on horses and a great many have been sold in the past week. It is a common thing to see an Indian with a handful of bills and a white man with a pony, on the street, trying to make a bargain.

FRIDAY, MARCH 15, 1889.

The following are among the latest batch of rumors from Ottawa: 1. That Sir John will be raised to the peerage and made British Ambassador at Washington; 2. Sir Charles Tupper will become Premier of Canada; 3. Sir Hector Langevin will go to London as Canadian High Commissioner; 4. There will be a general election before another session of Parliament. It is within the range of probabilities that Sir John will be raised to the peerage of Great Britain. Such an act would be a fitting recognition of his long and important services to Canada and the British Empire, and there is no British statesman of to day who more richly deserves that honor; the latter half of rumor No. 1 has been knocked in the head by the recent appointment of an English diplomat to Washington. With respect to the next romor, there does not seem to be the slightest foundation for it. The Reformers are, and have been for a long time, anxious that the leadership of the grand old Conservative party should pass out of the hands of Sir John Macdonald. They are painfully cognizant of the fact that they cannot cope with his exalted statesmanship, and that as long as he holds the reins the party willl stick together and their chances of tasting the sweets of office will remain in the dim perspective of the future. They believe that when he ceases to lead the party it will become split up into factions and they will ride into power over its ruins. Such is their only hope, and no doubt this rumor was fathered by the wish that all these things would happen. There is at present no great probability that a change will be made in the High Commissionership but if there is, no better man could be appointed to succeed Sir Charles Tupper than the present Minister of Public Works, and the re entrance of Sir Charles into the Cabinet would be highly beneficial to Canada and would be hailed with delight by every one. Sir John Macdonald has said that there need be no anxiety on the score of a general election taking place. He sees no reason why there should be one before 1892, and our Reform friends may rest assured that Sir John is not going to have one, until the fullness of time is ripe, simply to gratify the wishes of office seekers and others. This disposes of rumor No. 4.

* * *

We notice that some of the Liceral M.P.'s have been having their annual fling at the member for Saskatchewan in the House of Commons, and relieved themselves of the regulation amount of blattant bosh, rehearsing the ancient and venerable charges against Mr. Macdowall and the Government of undue influences in the Northwest election. Some of them, too, displayed a woful amount of ignorance, as well as a shameful disregard for the truth. Their ignorance is inexcusable, their mendacity pardonable only on the grounds of their political faith. Mr. Mulock, member for North York, stated that the only vote Mr. Macdowall ever gave in the interests of the North West was when he voted to send an agent of the Government to corrupt the electorate of Saskatchewan. What could he mean? He, a leading light in his party, must surely have been aware of the fact that Mr. Macdowall never sat in Parliament and consequently could not have voted until after the election in 1887. But facts are nothing to men of the political stripe of the member for North York. Mr. Macdowall made a good speech in the interests of the Northwest on the occasion of this last attack on himself, and it is doubtless for that reason that he was assailed.

OUR LITTLE SON

**Four years old afflicted with a painful skin disease. Six doctors tried to cure him; al. failed. Got worse and worse Completely cured by one set of Cuticura Remedies, costing $1 75.**

Our little son will be four years of age on the 25th inst. In May, 1885, he was attacked with a very painful breaking out of the skin. We called in a physician, who treated him for about four weeks. The child received little or no good from the treatment, as the breaking out, supposed by the physician to be hives in an aggravated form, became larger in blotches and more and more distressing. We were frequently obliged to get up in the night and rub him with soda in water, strong liniments, etc. Finally, we called other physicians, until no less than six had attempted to cure him, all alike failing, and the child steadily getting worse and worse, until about the 20th of last July, when we began to give him *Cuticura Resolvent* internally, and the *Cuticura* and *Cuticura Soap* externally, and by the last of August he was so nearly well that we gave him only one dose of the *Resolvent* every second day for about ten days longer, and he has never been troubled since with the horrible malady. In all we used less than one half of a bottle of *Cuticura Resolvent*, a little less than one box of *Cuticura*, and only one cake of *Cuticura Soap*.

## A SAD OCCURRENCE

### THE FATE OF THE FINLAYSONS.

*To the Editor of the Times.*

SIR,—For the information of the friends and acquaintances of the late Finlayson Brothers, I deem it my duty to report the following, which includes all the information I have yet received. On the 2nd of August last two brothers as above named, from Carrot River country, near Fort a la Corne, arrived at Cumberland House in two boats loaded with provisions, etc., *en route* to Reindeer Lake for the purpose of hunting deer, trapping fur bearing animals and trading with the Indians. They hired men here and proceeded north reaching the Lake in the end of September and prepared their winter quarters about five miles from our trading post and were successful in securing a good supply of fish. Some time after the lake set fast, they started without a guide with the intention, it is stated, of going to our Lac du Broche post about 200 miles farther north on the same lake. This was a most daring undertaking, as this lake is of great extent, dotted all over with islands and the course followed by our men is very difficult to follow except by the most experienced guides—it has never been explored and there are no land marks. No person knows what provisions they started out with, but the quantity could not be very great, as they had only two dogs to haul their whole equipment. Nothing was heard of them until one of our men went out trapping and found their bodies about a mile and a half from their house—frozen. The supposition is that they lost their way and wandered about the lake for a long while endeavoring to find their house; that their provisions became exhausted and that finally they succumbed to the effects of cold and exhaustion. It is strange, however, that they did not endeavor to prolong their lives by eating their dogs as one of them was alive when found and was subsisting on the carcase of his dead companion. Report says they kept a diary and if so it will be sent to me and I may be able to give fuller particulars of the sad affair. I do not know the Christian names of these men nor do I know any of their relatives or friends but I shall willingly give any information I may obtain to any parties interested. Mr. Halcrow, our post manager at Deer Lake, on hearing of the sad occurrence, proceeded immediately to the fatal spot and had the remains decently buried. To prevent their property being carried off by Indians it was removed to our post at Deer Lake.

H. BELONGER, C. F.
Hudson's Bay Co., Cumberland District.

[These men come to the Saskatchewan district, from Paris, Ont., about six years ago and settled on the Carrot River, where they went into farming and more especially stock raising. They were men of great pluck and indomitable perseverence. Donald, the older brother, was married and leaves a wife and three small children, who went down to Paisley, Ont., her former home, last fall to stay until this spring, when she was to return and meet her husband at Carrot River. John, the younger of the two, was not married. They were both men who were highly respected by all who knew them. Mrs. Finlayson was a sister of that young man Stevens who died here of typhoid fever about two months ago and she will feel this last and greater affliction more keenly on that account. We extend our heartfelt sympathy to the bereaved wife and family and other relatives of the unfortunate men.]

## 65 AND 66 LBS. PER BUSH.

### Samples of Red and White Fife Wheat Grown at Prince Albert, Sask.

We clip the following from a late issue of the Winnipeg *Sun*:—

"All the talk on 'Change this morning is over samples of red and white Fife wheat grown in Prince Albert district and exhibited by Mr. N. Bawlf. They were sent to that gentleman by Mr. A.F. Eden, land commissioner for the M. & N.W. RR. The red Fife weighs 66 lbs per bushel and the white Fife 65 pounds. The samples are mixed, that is to say they are collected from different farms within a radius of 15 miles of Prince Albert for the purpose of showing the average standard of the grain raised in this district. Grain Inspector Horne says he never saw anything like the samples produced. Mr. Bawlf says it is a pity that the railway does not run into Prince Albert country. He never in all his life saw such perfect grains as the exhibits mentioned. The red Fyfe is perfectly pure, and seems so, even to the inexperienced eye. The white Fyfe is No. 1 quality, but is not so nice to look at. It is said that the samples produced averaged 30 bushels to the acre. An experienced grain man from across the lines states that the samples are really the finest he ever saw."

"Chicago markets are a little off this morning. The drop in May wheat from \$1 09 to \$1 06½ was sudden, and will doubtless take some of the bulls by surprise."

TO THE DEAF.—A person cured of Deafness and noises in the head of 29 years standing by simple remedy, will send a description of it FREE to any person who applies to NICHOLSON, 177 McDougall street, New York.

### The Symbol of the Trinity.

The shamrock is almost universally worn in the hat all over Ireland on St. patrick's day. The popular notion is that when St. Patrick was teaching the doctrine of the Trinity to the Pagan Irish he used the plant having three leaves on one stem as a spmbol or illustration of the great mystery. The Irish had ascribed mystical virtues to the shamrock, and on hearing of the Trinity for the first time they fancied some peculiar fitness to their already sacred plant to shadow forth the newly revealed mysterious doctrine. Hence the song of the poet and the toast of all true Isishmen:—

Long may the shamrock—
The plant that blooms forever—
  With the rose combined,
  And the thistle twined,
Defy the strength of foes to sever.
Firm be the tripple league they form,
  Despite all change of weather;
In sunshine, darkness, calm and storm,
  Still may they fondly grow together.

## CARD OF THANKS.

I beg to thank the citizens of Prince Albert, who have so liberally contributed on all occasions to the support of the P. A. C. Band, and especially Messrs. Sproat, Clarke and Swanston. I congratulate Mr. R. B. Way for the success of the institution since he first organized it in 1883, and the interest he subsequently manifested in its welfare, until it was maliciously crushed by a few contrary citizens. I also thank the outside committee, composed of Messrs. Russell, Rankin, Spreat, Way and A. S. Stewart for their indefatigable efforts (with an energetic secretary) to maintain the institution, while assisted by Mayor Knowles and Couns. Mair and Donaldson. I also extend my farewell to the members of the Band, who have sacrificed time and labor while displaying devotion and energy for its progres, to the great credit of the town, and the kindness they have manifested towards me during my leadership of six years I shall never forget.

HORSE SHOE STORE.

This is spring, sweet, balmy spring;
  The winter has been mild,
Some stock that T.O. bought last fall
  Upon his shelves is piled.

He says it really is no use,
  This winter stock must go,
So Taylor cut the prices down
  And give the folks a show.

Let prices advertise our sale
  Throughout the country side,
And when the people come to buy,
  Below cost let them slide.

We must have room, our mammoth stock
  It shortly will arrive,
So, Gallagher, just let her go,
  In every line a drive.

Remember, the balance of our winter stock must be sold out to make room. We mean what we say when we say cost. Any sensible person knows that it is better to sell at cost and have the use of the money for six months, whet we can replace goods at the same figures. We do not advertise to humbug anyone.

You get goods at dead cost. We get the use of the money.

This is business, not humbug. Give us a call and convince yourself that we advertise facts.

Other people may sell you goods at cost, but we can sell you goods cheaper, because we buy for cash in the east and buy in larger quantities, consequently can sell cheaper.

Come where you can get the largest variety of goods to choose from, at the lowest figures.
